Part 7 – Questionnaire

g. Response to Postpetition Borrowing:

The Archdiocese of Santa Fe applied for, and received, funds under the Paycheck Protection Program in the amount of \$896,250 which is included on the accompanying balance sheet. Funds were disbursed on two different dates: \$732,922 on May 7, 2020 and \$163,328 on June 8, 2020. The application for these funds required the Archdiocese of Santa Fe to, in good faith, certify that the current economic uncertainty made the loan request necessary to support the ongoing operations of the organization. This certification further required the Archdiocese of Santa Fe to take into account their current business activity and their ability to access other sources of liquidity sufficient to support ongoing operation in a manner that is not significantly detrimental to their operation. The receipt of these funds, and the forgiveness of the loan attendant to these funds, is dependent on the Archdiocese of Santa Fe having initially qualified for the loan and qualifying for the forgiveness of such loan based on the future adherence of the forgiveness activity.

The Archdiocese of Santa filed for forgiveness on the loan received and in July 2022 a settlement was negotiated with the U.S. Small Business Association (SBA). Under the terms of the settlement, the Archdiocese of Santa Fe agreed to pay \$537,750 (the Payment) in partial satisfaction of the Archdiocese of Santa Fe's obligations under the PPP loan and the SBA will forgive the remaining PPP loan balance of \$358,500 upon payment. The Archdiocese of Santa Fe made payment to Wells Fargo Bank on September 14, 2022.

In September 2022, the Archdiocese of Santa Fe received loans with favorable terms from various third party and related entities totaling \$4,269,649 to go towards the bankruptcy settlement fund.

The Archdiocese of Santa Fe also signed a promissory note with Omni Management Group, Inc. for \$5,400,000 on September 30, 2022. The amount financed is part of the settlement fund for the Bankruptcy Case. It matures on March 31, 2023.
